IMPACT STORIES

Hear about some of the impact we have made recently:

COMMUNITY CLOTHESCLOSET

Thanks to United Way funding, we were able to bring the Traveling Clothes Closet to Shawano for the first time ever. Across two distribution, we served 45 families with over 490 pieces of clothing providing dignity, choice, and compassion to individuals needing a hand up.

WAMSCO

United Way not only provided funding for educational signage this year at the new restoration discovery garden, but they also helped organize three separate volunteer events to help support the project from seed gathering to planting in the ground.
